THE MONTHLY NEWSLETTER OF THE TENNESSEE TRAILS ASSOCIATION

Mission: To promote, construct and maintain a statewide system of hiking trails, and to work for the conservation of natural resources inherent to this objective.

SPONSOR FOR THE CUMBERLAND TRAIL

Pathways Campaign Tops \$1 Million Mark!!

Lots of good things have happened since the last *Pathways for People ... People for Nature* campaign report in the January TTA newsletter. The Lyndhurst Foundation awarded a \$250,000 grant on a 1:2 match basis! In other words, for every dollar that you give, Lyndhurst will match it with 50 cents. Also, remember that every dollar given leverages \$4 in public funds for the Cumberland Trail. And, several TTA Chapters have decided to match members' donations dollar-for-dollar up to a certain amount.

The Pathways campaign total now stands at \$1,226,074 in cash and pledges received towards our goal of \$3 million. Grants have also been received from Maclellan Foundation \$100,000, Mills Family \$75,000, Tonya Foundation \$60,000, Cumberland County \$12,000, City of Crossville \$9,000, Tennessee Parks & Greenways Foundation \$2,500, and Hilliard Lyons \$2,500.

The clock is ticking ... we must raise \$887,000 in cash by June 30, 2002 to finish paying for the 5,000-acre acquisition in Hamilton County. We are waiting to hear about grant proposals to Blue Cross/Blue Shield, BellSouth, Dana Corporation, Sycamore Foundation, St. Mary's Health System, REI, River Sports Outfitters, Cumberland Transit, Rock Creek Outfitters, Blue Ridge Mtn. Sports, Caldwell Foundation, Knox Co. Tourism, Alcoa Foundation, Lucille Thompson Foundation, AmSouth Bank, L.L. Bean, Guilford Glazer Foundation, East Tennessee Foundation Campbell Co. National Trails Day TTA Sponsors "Hike for Health"

On the Cumberland Trail
Saturday, June 1, 2002

Mark your calendars! The theme for National Trails Day 2002 is "Hike for Health" and the TTA Board voted at the February meeting to make TTA's official National Trails Day event a fundraising hike for the Cumberland Trail State Park. TTA chapters will lead hikes on various segments of the Cumberland Trail. We will be asking all TTA chapters to participate by leading hikes, participating in the hikes, and recruiting folks in your communities to join in on the fun. Not only will we be improving our health by getting good exercise in some of the most beautiful country on earth - we'll also be helping to finish raising the \$887,000 needed by June 30 to make the final payment for the 5,000-acre Cumberland Trail acquisition in Hamilton County. There will be a minimal registration fee for hikers, and we will also recruit corporate sponsors for the event. Start thinking about how to help us get the word out in your community:

Evan Means Small Grants Awarded

In February 2002, TTA's Board of Directors awarded Evan Means Small Grants to seven volunteer groups across Tennessee for their trail-related projects. Volunteer-based non-profit organizations, working alone or through public agencies, were eligible to apply for Evan Means Small Grants. These awards support special volunteer projects that are compatible to the chartered objectives of the TTA: *promoting and developing a system of hiking trails in Tennessee as well as working for the conservation of natural resources.*

Congratulations to the following recipients:

- Friends of Shelby Farms - \$200, to reconstruct/refurbish historical landmarks and observation areas along the Chickasaw trail.
- Friends of Cumberland River Bicentennial Trail - \$500, to construct a bridge on the Eagle Pass trail.
- Cumberland Trail State Park - \$600, to defray the costs of bridgework construction during the Landmark Volunteer program in June.
- Historic Rugby - \$500, for building/improving a one-half mile trail from the center of Rugby to the old Massengale Homeplace.
- Friends of the Forest (Meeman Shelby Forest) - \$600 (combined total of two grants), to produce an interpretive brochure, and replacement of trail signs on the Pioneer Trail. Plus, adding new and replacing old signs within the Meeman Shelby Forest.

- Cumberland Valley Girl Scouts (Dickson County) - \$500, to create an outdoor classroom/walking trail behind Centennial Elementary School.

The small grants program was established in February 1999 to honor Evan Means - journalist, author, conservationist, hiker, trail builder, originator of the Cumberland Trail, and co-founder of the Tennessee Trails Association. Mr. Means has won countless awards for his work over the

TVA's Annual Wildflower Walk

If you missed TVA's annual spring wildflower walk on March 30, at the River Bluff TVA Small Wilds Area on the Norris Dam Reservation, they're doing two on Saturday, April 6, 2002. The guided walks are scheduled to begin at 10am (Eastern Time) and 1pm (Eastern Time) from the Small Wilds Area located along the Clinch River, west of Norris Dam. The 3.2-mile loop trail is rated moderately difficult and is known for the spectacular array of spring wildflowers, especially yellow trout lilies, celandine poppies, bloodroot, spring beauties and toothworts. The hikes will be held rain or shine, and participants are encouraged to wear comfortable shoes and appropriate clothing for the weather. The walks are free and sponsored by TVA, Ijam's Nature Center, Norris Dam State Park and the Friends of Norris Dam State Park. For additional information, call Nancy Fraley (TVA Natural Areas Coordinator) at 865-632-1535.

Southeast Regional Foot Trails Conference April 26-28

For the last two years, American Hiking Society (AHS) has been assessing the conservation and recreation needs in the southern Appalachians as a part of a Southern Appalachians Initiative (SAI). Both trail organizations and public agency representatives reported that public lands in the Smoky Mountains and along the Appalachian Trail are severely threatened by overuse as well as escalating development. The final stage of research was a Trail Conservation Retreat in November of 2000. The retreat gathered trail organizations and public land agencies who are entrusted with building and maintaining foot trails in the Southern Appalachians. As a result of the retreat, it became evident that there is an urgent need to protect wild places and create new recreation opportunities in the populous Southeast.

You are invited to the next gathering, hosted by American Hiking Society, the River, Trails and Conservation Assistance Program of the National Park Service and Georgia State Parks, over the April 26-28 weekend at Unicoi State Park in Helen, GA. Join fellow trail enthusiasts while establishing a network with staff and volunteers from hiking organizations located in the Southeast, as well as Federal, State and local agencies and conservation organizations. There will be speakers, workshops and sessions that will focus on trail and land conservation as well as pressing issues facing

"DON'T Leave Home Without It."

What good will a green plastic credit card do you 20 miles from the nearest paved road? What do you really need when out away from civilization?

Experienced outdoor enthusiasts know what items are most important to bring, even for short walks or hikes out of base camp - the "10 Essentials." These are items that cannot be improvised from materials lying on the forest floor. To be found without these few items, even if you are within a few miles of your car, camp or cabin, can spell disaster. The "Ten Essentials" are the end product of years of hard-won experience. They are intended to help outdoor enthusiasts avoid getting into trouble in the first place, and, if that doesn't work, to minimize the damage.

Before you head out on the trail, check your pack to be sure it contains the following items*. Note that the first three items are for finding your way, the second three are for your protection, and the last four are for emergencies.

"Model-T's " Walkin'

Commencing on March 1, 2002, TTA member, J.R. "Model-T" Tate will share equally with the Cumberland Trail Conference all royalties on copies of his book, "Walkin' on the Happy Side of Misery", which are purchased directly from him or through his publisher by his fellow Tennesseans. Although the amount taken individually seems small (\$2.85 for soft cover copies; \$4.10 for hard cover copies), when one considers that each dollar leverages \$4.50 in state and federal funds for the building of the Cumberland Trail, the tally becomes significant.

For autographed copies of "Walkin' on the Happy Side of Misery", send a check (\$29.60 for soft cover copies or \$40.50 for hard cover copies--cost includes \$2.50 S&H and 8.25% sales tax for Tennessee residents) to:

Want to watch some serious Eco-adventure films?

For twenty-six years the Banff Mountain Film Festival (BMFF) has been celebrating the spirit of adventure and the mountain environment. Each November, the world's best films on mountain (and outdoors) themes draw an international audience to the town of Banff, Canada, located in the Canadian Rockies.

Fifteen years ago, the BMFF began an outreach program to extend the festival to other communities. Festival organizers wanted to showcase the efforts and talents of the world's finest mountain filmmakers. Today, the best films from each year's festival go on tour immediately following the three-day event in Banff.

HIKE REPORT:

On March 5, Eric Wilson and Vi Biehl hiked the Colditz Cove trail to see the ice formations left after sub-freezing weekend temperatures. The hike was a study in contrasts with shady places frozen solid, while sunny ones were balmy. There were some ice formations, but not as many as last year, and an occasional crash could be heard from falling ice stalactites. No wildflowers blooming yet.

Tennessee's State Natural

Areas Week

April 8 - 14

April 8th marks the 31st anniversary of the Tennessee Natural Areas Preservation Act (NAPA) and establishment of the Natural Areas Program. The Natural Areas Program seeks to include adequate representation of all natural communities that make up Tennessee's natural landscape, and provide long term protection for Tennessee's rare, threatened and endangered plant and animal life. Since the passage of this act, the General Assembly has designated 62 State Natural Areas. For a complete listing of Tennessee's SNAs visit: www.state.tn.us/environment/nh/nap.htm

In November 2001, Gov. Don Sundquist signed a proclamation designating the week of April 8, 2002 as Tennessee State Natural Areas Week. The week will be highlighted by wildflower walks, nature hikes and educational programs at state natural areas

It's Tick Season

Tick season is usually the end of March through June. Unlike other biting insects, ticks do not bite right away; they crawl around and find a nice, warm, hairy area and dig in.

You can prevent bites by wearing long pants, tucked into your socks, and checking your body regularly for ticks. If you wear shorts, you will need to inspect your bare legs often.

Although there are many methods for removing ticks, it is best to use forceps or tweezers, grasp the tick closely around its entire body, and pull straight out, gently and firmly. Afterwards scrub and sterilize the area.

Tiny deer ticks can cause Lyme Disease.

After lunch, several hikers took a second loop, which consisted of a 3.5-mile trek down the opposite side of the hill, along side of Norris Lake past some unusual rock formations and a waterfall. With the clear sky and pleasant temperature, it was the perfect day for a hike.

CHAPTER CONTACT:

Brent Morris 931-454-1718 bmorris@edge.net

MEETS: Monthly Date TBA in May's Newsletter

It's official! ... At TTA's February 16 Board Meeting, the Manchester-Tullahoma (temporary name for now) Chapter's formation was approved, and we are now TTA's twelfth chapter, with a membership of 30 (*and growing*).

Since the February 16 Board of Directors meeting, an organizational committee was formed to make recommendations on the chapter's organizational issues: chapter officers, monthly meeting dates, times, locations, future outings, etc. Members of the committee are: Doug Ratliff (committee chair), Ellen Anderson (recorder), Howard and Carolyn Frederick, Butch and Teresa Young, Alan Bryan, Barbie Taylor, and Joan Bentley.

At the time this newsletter was going to press, the first "official" chapter meeting, scheduled on March 19th at the D.W. Wilson recreational center in Tullahoma, had not taken place. Therefore, May's newsletter will contain a full report on officers elected, date, time and place of our monthly meetings, and outings planned, etc.

Anyone wishing information about the Manchester-Tullahoma chapter is invited to call Brent Morris at 931-454-1718, or e-mail him: bmorris@edge.net

UPCOMING HIKES:

Apr 6 Sewanee Perimeter Loop, University of the South. Sewanee, TN. This is a joint hike with the Nashville Chapter. There must be a TTA bylaw that says the Nashville chapter is required to hike in Sewanee during spring wildflower season because they haven't missed a spring yet! This area is known for its variety of wildflowers so you'll understand why it's an annual pilgrimage. This hike will be about 8 miles and is rated moderate. We will start from the Memorial Cross/University View trailhead and hike along the bluffs, down to Bridal Veil Falls, and then back up before taking a back road across to the Shakerag Hollow section. This will be a shuttle hike, so we will need to arrange carpooling accordingly. Be sure to bring sturdy boots, lunch, water, and clothing appropriate for the weather. This will basically be a repeat of the recent hike we did there with the addition of the Shakerag Hollow section at the end. (I think there's a TTA bylaw that says we have to hike there during spring wildflower season!) This hike will be about 8 miles and is rated moderate. We will start from the Memorial Cross/University View trailhead and hike along the bluffs, down to Bridal Veil Falls, and then back up before taking a back road across to the Shakerag Hollow section. This will be a shuttle hike, so we will need to arrange carpooling accordingly. Be sure to bring sturdy boots, lunch, water, and clothing appropriate for the weather. We will meet at 7pm CDT at Blue Moon Café. Apr 13-14 (Sat-Sun) Great Smoky Mtn NP V-I-P Training. GSMNP V-I-Ps perform light trail maintenance and are involved with Adopt-A-Trail or Adopt-A-Campsite programs. Here is an opportunity for TTA (with Sierra Club) members to become involved with the Volunteers In the Park program in the Smokies. In order to participate in this program, one must attend the annual training session on Sat Apr 13, from 9am until 2pm EASTERN time. Training is at park headquarters in Gatlinburg, TN. After the training session is over, we can backpack a short trail and stay overnight. Registration for this opportunity is limited, and reservations must be made no later than April 8. Contact Katherine Pendleton at 615-943-6877, or by e-mail Adelicia1@aol.com

Apr 13 Every second Saturday, volunteers gather from 9 till noon to build and maintain the trails in Beaman Park in Joelton, TN, in preparation for the park's opening. A two-mile loop is complete, but it's in need of some fine-tuning, and work has begun on a second loop of similar length. Trail building experience helps but is not required, and the work is no more difficult than moderate gardening. Come enjoy the park's wild beauty and the pleasure of a job well done. Please register with Dave Walton: 615-646-5355.

 **Apr 13** Stone Door, Big Creek Gulf and Big Creek Rim trails, Savage Gulf State Natural Area. Beersheba Springs, TN. Members of our newest chapter – Manchester-Tullahoma, will join us. In addition, this outing is in observance of the 31st anniversary of Tennessee's Natural Areas Program. These trails offer a wide variety of scenery, including Big Creek which "sinks" underground at one point, and a side trail to Ranger Falls (volume will depend on recent rainfall). The Rim trail includes several overlooks. This hike is approx. 9 miles and rated difficult due to the rocky descent into the gulf and the long ascent out. Hiking boots are required. For additional information, and to obtain meeting location and time, call Dan Brennan: 615-837-4324.

Are you new to Nashville? Hiking? Interested in checking out a hiking club? Or, just want a gentler hike? Then, the following hike is just for you. Meet new, as well as seasoned hikers who also share your desire to be outdoors. You are encouraged to use this time to learn about hiking and TTA while enjoying the great outdoors with friendly people.

Apr 13 Wildflower Hunt/Find (and Hike) in Short Springs State Natural Area. Tullahoma, TN. This activity is in observance of the 31st anniversary of Tennessee's Natural Areas Program. If you like puzzles and hiking, this is the outing for you. The puzzle portion is rated easy and will be fun! Prizes to be awarded to the person(s) finding the most wildflowers. Even if you don't know wildflowers, this is a perfect opportunity to learn a few. The group will stay together so you won't need an orienteering course to get through this. The hiking is also rated easy, although there are a few short hills and uneven terrain, hiking boots/shoes are advised. You will need to bring a writing instrument, water, snacks and lunch. We will meet at 8am CDT at Target on Bell Rd (Exit 59 off of I-24). For additional information, call Diane Manas: 615-352-7777.

Apr 14 Come hike the beautiful 13.3 mile Millenium Trail at Bernheim Arboretum and Forest near Bardstown, Kentucky - approximately a 2-hour drive from Nashville. The Millenium Trail is a perimeter loop through the more remote sections of B.A.& F. We can expect beautiful, rolling hills, mature forest trees and excellent wildflower displays (if the spring blooming season is on schedule). This hike is rated strenuous for the distance and the frequent (but not prolonged) ascents and descents. For more information and to pre-register, call Anne Wesley: 615-851-1052.

Apr 20 **EARTH DAY** - see *Earth Day Event announcement above*, on pg. 9.

We will hike from the bluffs along the Green River through hollows and along upland ridges. Spring wildflowers will be blooming. There will be an optional side trip to a small cave at Boiling Springs. This will be a moderate 10 – 12 mile hike requiring a car shuttle. Because of the shuttle, you must pre-register for this hike. For additional information and to register, call Richard Horvath: 270-586-0178.

Apr 23 **MONTHLY MEETING.** This time we celebrate Wildflowers, with the help of our special guest, nature photographer Robin Conover. Robin's images are on display each month in *Tennessee Magazine*, as well as in that publication's calendar. She is also represented in the "Best of Tennessee 2002" calendar, which supports the *Tennessee Conservationist* magazine. A poem from the Orient says that "wildflowers bloom for their own sake...quite ignorant of our attention." Nevertheless, come view and enjoy.

Apr 27-28 (Sat-Sun) Fiery Gizzard Trail Backpacking Weekend. South Cumberland State Park. Tracy City, TN. This is a joint outing with the members of the Sierra Club. Because this trail is rated moderate to difficult, this hike is for experienced backpackers, and space is limited. This is a one-way hike and will require a car shuttle. We will start at the Grundy Forest trailhead and hike the Doghole Trail to Raven Point (~6 miles) where we will spend the night. On Sun, we will hike to Foster Falls TVA Area (~7 miles). Campfires are forbidden, therefore if you want hot meals, bring your campstove. For additional information and to register, call Katherine Pendleton at 615-943-6877, or e-mail her: Adelicia1@aol.com

HIKE REPORTS:

On February 9, a large group of about 28 hiked to the beautiful Virgin Falls. We had never seen that much water coming over the falls - it was truly amazing.

On February 16, we had a really stellar day at High Rock, near Sparta, TN. Thirty of us climbed way up the mountain and then bush whacked our way out the ridge to an awesome three-sided view at High Rock. The sun warmed us as we had snacks and relaxed on the rock. When we returned, we shared an incredibly delicious potluck lunch at Ross and Brenda Cardwell's cabin. Thanks to the Cardwells for their super hospitality.

On Wednesday, March 6, five of us had a "very spur of the moment" hike at Bridgestone/Firestone Centennial Wilderness Area. What an enjoyable walk along the river and seeing Copper Cascades!

ADOPT-A-TRAIL NEWS

ADOPT-A-TRAIL OFFICER:

Harold Draper 865-689-7757 h.m.draper@att.net

Have you considered ...

Maintaining a particular trail or section of trail?

Through the cooperation of land managers, who periodically inform us of volunteer opportunities, TTA can put you in touch with several Adopt-A-Trail programs, or offer suggestions on how to approach local land managers in your area.

The Adopt-A-Trail program is quite simple and flexible. Volunteers or chapters select the trail they wish to adopt and at the same time determine the level of trail maintenance they wish to undertake. Their only commitment is to hike, inspect, and report on the trail's conditions and maintenance needs twice per year. Light trail maintenance (clipping, pruning, trash and minor blow-down removal) is encouraged during each inspection. Serious trail problems identified will be reported to the local land management agency for resolution.

To obtain an Adopt-A-Trail or Trail Inspection form, call Harold Draper: 865-689-7757
