THE MONTHLY NEWSLETTER OF THE TENNESSEE TRAILS ASSOCIATION

Mission: To promote, construct and maintain a statewide system of hiking trails, and to work for the conservation of natural resources inherent to this objective.

SPONSOR FOR THE CUMBERLAND TRAIL

Saving Two Large Tracts of Land Give the State and Area Something to Brag About

Saving 75,000 acres of woodland for a working forest and for outdoor recreation is no small task, and the efforts by several groups that resulted in an agreement reached early August deserve recognition.

The acreage is in Anderson, Scott and Campbell counties. Under terms of the agreement announced Friday, the Conservation Fund purchased the surface rights to the two tracts, and Renewable Resources Inc., a private timber investment company based in Massachusetts, bought the timbering rights.

The property is known as the Cumberland Forest and previously was owned by International Paper. The total project of purchasing the land cost about \$19 million, with \$9.57 million from the Conservation Fund for surface rights and \$9.4 million from Renewable Resources Inc. for the timber rights.

The Conservation Fund will transfer its interest in the acreage to the Tennessee Wildlife Resources Agency, possibly as a new wildlife management area adjacent to the existing Royal Blue Wildlife Management Area, which totals 50,000 acres. Restrictive covenants will require environmentally sound timber management to protect the ecosystem and provide economic benefits to the neighboring region.

Negotiations for the purchase occurred over 18 months and included the Nature Conservancy, the Cumberland Trail Conference, the U.S. Fish and Wildlife Service and TWRA.

Savage Gulf State Natural Area Bridge Building Project Volunteers Needed Sept 7 & 14

No experience required!

Here's a great opportunity to make a contribution to one of Tennessee's favorite hiking destinations! Join members of the Highland Rim, Murfreesboro and Nashville chapters on September 7 and September 14 to help construct two small bridges in the Savage Gulf SNA. Volunteers will help carry bridge materials and construct the bridges. Building materials and tools, supervision, and lunch will be furnished. Everyone is welcome and encouraged to H-E-L-P, but we ask that you **PLEASE RSVP** so that we'll have an accurate head count for the lunch that is being provided to all participants.

We will meet at 8:30am CDT at the Savage Gulf Ranger station on both dates. For those wanting to camp, free camping will be available at the Savage Gulf Ranger Station campground. For additional information and to register, contact either Brent Morris (931-454-1718 / bmorris@edge.net), or Anne Wesley (615-851-1052 / tahiker@msn.com)

Your help is greatly appreciated!

National Public Lands Day Fifth Year TTA Participates Two Projects Need Your Help Sept 28 (& 29)

In years past we have volunteered on National Public Lands Day exclusively in Big South Fork NRR, which we will do again this year, however, this year we've added a trail project at Edgar Evins State Park, to allow volunteers choices. Both parks REALLY need our help! Projects planned in each park involve general trail maintenance work, such as clearing debris from the trail, re-cutting trail tread to smooth out the uneven areas and trail blazing. (cont. on pg. 2)

**Reminder:
Our Annual Meeting
is Nov. 8-10, 2002
at Fall Creek Falls
State Park**

**Registration Deadline
is September 8.**

National Public Lands Day – Two Projects (cont. from pg. 1)

Big South Fork NRRRA:

Our trail work in the Big South Fork NRRRA is scheduled for Sat., Sep 28 only. Work will take place in the Leatherwood Ford area, with the help and supervision of the park's staff. Participants will receive a NPLD certificate of appreciation, poster ("Explore America's Backyard" which contains a photo of wildflowers beside a lake in Wyoming's Bridger Wilderness), the satisfaction of being a "helping hand for America's lands," and contributing to the improvement of our public places for current and future generations. We will meet at the East Rim Maintenance area at 8:30am ETZ. The East Rim Maintenance area is 10 miles west of Oneida on Route 297 (Leatherwood Ford Road). You can expect to be done by 2pm. Bring lunch and water. (Special arrangements can be made if you are unable to meet us at 8:30am.) For additional information, call Harold at 865-689-7757, or e-mail him: h.m.draper@att.net

Edgar Evins State Park:

At Edgar Evins SP, we have planned for two days of trail work, which gives you the option to work one or both days - Sep. 28 and/or 29. We have partnered with Blue Ridge Mountain Sports and REI for their staff to work along side of us (*hey, what a great opportunity to get answers to your gear questions*).

We will be working on refurbishing, repairing and beautifying the trails we have so lovingly created over the last four years. This will include trees that need to be re-blazed, removal of the several large trees down over the trail, or the recently re-routed trail in one area that is in need of trail re-cuts and blazing. Some weed-eater and sling blade work may be needed. There is also a need for an alternate trail near the lake because when the lake is up, the trail disappears.

All this adds up to ... HEY! ... WE NEED YOUR HELP!

If you were any part of, or heard about, the National Trails Day event of June 2001, you will remember the pontoon boat shuttles. Well, we will have our navy in operation and work crews will again be ferried to the work locations without having to hike in carrying tools.

In addition, to the satisfaction we will receive from a job well done, and the camaraderie that goes along with meeting new and rekindling trail-building friendships, there will be F-R-E-E camping (with hot showers!) available to all those working (i.e., time in the evening for socializing).

We will meet at 8am CDT each morning at the "Old Camp Store," which is on the left side of the road just before entering the EESP campground (same place we met on NTD, June 2001).

Please pre-register so we can get an accurate head count of the tools, supplies and F-R-E-E camping spaces that will be needed by contacting Fount Bertram at 615-765-5357 (fax 615-765-5942), or e-mail him: fwbertram@heartoftn.net

Wear clothes you don't mind getting dirty, and bring work gloves, water, lunch and snacks. Some tools will be provided. You are welcome to bring your own tools, and it's recommended that you call first to see what tools are needed (fire rakes, loppers, handsaws, etc.).

NPLD is the largest volunteer, hands-on effort of its kind in the country. It is organized by the National Environmental Education & Training Foundation and sponsored by Toyota.

YOU! can make a difference to our state trails. Give back, by volunteering!

Brag About (cont. from pg. 1)

Among the more significant aspects of the purchase, the new acquisition will join Frozen Head State Park and Natural Area and the Royal Blue Wildlife Management Area, creating a 140,000-acre tract of public forest. This would make the area second in size only to the Great Smoky Mountains National Park and the Cherokee National Forest.

All Tennesseans can share the sentiments of Gov. Don Sundquist, who noted, "It's the public that really benefits. It's about setting aside and protecting land and harvesting timber in a reasonable way. It's about allowing recreation - all the things that are important for the good life in Tennessee."

This is a major development in protecting woodlands in a nation that each year sees too much of its land given to development. Those who look after the land and those who forged this agreement deserve our applause.

Evan Means Small Grants Program

Request Deadline

Dec 31, 2002

In February 2003, TTA's Board of Directors will award small grants memorializing Evan Means. The grants support special volunteer projects that are compatible with the chartered objectives of TTA: *promoting and developing a system of hiking trails in Tennessee as well as working for the conservation of natural resources*. Project proposals are due no later than December 31, 2002.

All chapters are encouraged to look within their local area, identify a special trail or park project, request and submit a formal grants application for the February 2003 Evan Means Small Grant Program Award.

Grant requests in the range of \$300-\$600 are encouraged. However, if a project requires additional grant money, considerations will be made.

For additional information and an application, please write to:

TTA Grants Administrator

P. O. Box 41446

Nashville, TN 37204

The small grants program was established in February 1999 to honor Evan Means - journalist, author, conservationist, hiker, trail builder, originator of the Cumberland Trail, and co-founder of the Tennessee Trails Association. Mr. Means won countless awards for his work over the years to protect Tennessee's natural resources and beauty, as well as for his dedication to projects that allow hikers to enjoy this natural beauty.

1-866-TN-HIKES

TTA now has a toll free number, which will be used primarily for membership recruiting. By calling 1-866-TN-HIKES (1-866-864-4537), prospective members can request copies of the application brochure as well as sample copies of the *Tennessee Trails* newsletter. Please pass this number along to potential members you meet on the trail, or elsewhere. The new number will be added to the application brochure in its next printing and will be included in all future press release packets.

2002 TTA Membership Directory

The 2002 TTA Membership Directories have been mailed! All members whose dues were current as of July 01, 2002 should have received a Directory. If you did not receive a copy, please contact Anne Wesley at 615-851-1052 or tahiker@msn.com

Joining TTA as a New Member? Membership Up For Renewal? Consider This Benefit

When you join or renew your Tennessee Trails membership, you have the opportunity to become a Supporting Member by donating a little (or a lot) above the regular dues.

In the past, Supporting Member donations in excess of the regular dues were allocated to TTA's general operating fund. At the November 2001 Annual Meeting, TTA's Board of Directors voted to allocate Supporting Member donations to the Evan Means Small Grants Fund. Your Supporting Member donations will now directly benefit trail projects throughout the state of Tennessee. We thank you all for your support of TTA at any membership level, but we hope you will enrich Tennessee's trail system by joining or renewing as a Supporting Member.

COLUMBIA (cont.)

TRIP REPORT:

On July 20, thirteen Columbia and Nashville chapter members launched 5 canoes and 3 kayaks into the Duck River at 9:30am in an effort to escape the summer heat. Pam Frakes and Rick Pinkelton led a 9-mile float down stream from River Rats Canoe Rental, which is located east of Columbia at the intersection of Highways 412 and 431. Two miles into the trip, the group encountered Hardison Mill, the remains of an old rock dam, which provides a series of class II rapids. Most of the paddlers chose to "run the rapids" over and over while the more faint-hearted watched in amusement. By mid-day, the paddlers had worked up a pretty good appetite. They searched and finally found a shady sandbar where they gathered for lunch. A downed tree, which apparently had been very tall, now rested just the right height off the ground to provide seating for almost everyone. After lunch, the pacesetters reached the final destination by about 2pm. This must surely have been record time for 9 miles. Those who came to shuttle the group back to their vehicles said the place was packed and they were glad the boats were being returned early so they could rent them out again. Everyone had a great time, enjoyed the fellowship, paddled hard and went home tired but looking forward to going again!

Sep 14 Cudjo's Cave Tour, Cumberland Gap National Historical Park. Cumberland Gap, TN. We will be taking a cave tour through Cudjo's Cave in CGNHP. Step back in time as you hike up through the Gap to the entrance of the cave. Stand outside and feel the wind from within. This is a living, breathing example of our beautiful natural history. Bring your lanterns, headlamps or flashlights, as we enjoy discovering the many rooms within. There are quite a few steps inside the cave, so if you have bad knees you might need to reconsider. The hike round trip (including the cave) is about 3 miles, and rated easy to moderate. Everyone must pre-register, as reservations are due on Sep 12. The cost is \$7/adult, \$3.50/child (12 & under) and seniors with a Golden Age Passport. We will meet at 4pm EDT in the Daniel Boone parking lot off HWY 58. For additional information and to make your reservation, call Anita Smith or Rosemary Register at 423-869-2251, or e-mail them: cugatrails@yahoo.com

Sep 21 Cumberland Gap National Historical Park. Cumberland Gap, TN. We will hike some of the newest trails in the CGNHP. The hike is 6-8 miles roundtrip, rated as moderate, and will take us into the saddle of the Gap and up to the Cumberland Trail. Bring plenty of water and a snack. Afterward, you are invited to stay around the park for a Hawks Watch day. This has always been an exciting event for us. Every year, rehabilitated hawks are released back into nature. Last year we were able to enjoy the release of peregrine falcons that now make their home in the park. We will meet at 9am EDT at the flagpole in CGNHP. We then hike along a ridge trail to the Hensley settlement, a restored mountain community located atop isolated Brush Mountain. Hensley settlement was named for Sherman Hensley, one of the first settlers in 1903 to call it home. Folks can visit chestnut-hewn cabins and learn about the self-sufficient lifestyle of the Hensley and Gibbon families, who kept alive characteristics of early pioneer and Appalachian life. Bring plenty of water and lunch. We will meet and carpool from the CGNHP's Visitor's Center at 9am EDT. For information and to register, call Carol Jones at 865-374-4529 or 865-675-5205.

HIKE REPORT:

On July 20, twenty hikers braved the weather and hiked Hooper Bald to Huckleberry Knob along the Cherohala Skyway. While it rained from Lenior City to the trailhead, the skies cleared for a delightful afternoon of hiking. After paying our respects to Andy Sherman (and a light snack/lunch for some), a party of six enjoyed lunch and company at Cardin's Landing in Tellico Plains. A fine time was had by all!

horizons with a quick trip out West to tackle two popular trails in Arizona's Valley of the Sun, and experience the nightlife, shopping or sight-seeing in beautiful Scottsdale and the aptly named city of Paradise Valley. Join Dallas Shewmaker for a long weekend and a relatively inexpensive taste of the desert southwest. On Fri, we'll depart Nashville early and fly into Phoenix, get an early lodging check in, and tackle Camelback Mountain. The trail at Camelback is about 2½ miles round trip, with intense elevation gains and requires some boulder scrambling. On Sat, we'll drive two hours south to Picacho Peak State Park, just outside of Tucson, and hike the Hunter Trail. The Hunter Trail is about 5 miles and rated difficult because the route is steep and twisting, with steel cables (gloves are recommended) anchored into the rock in places where the surface is bare. On Sun, we may get in a small hike before catching our flight back to Nashville. For more details, call Dallas Shewmaker at 615-260-8990, or e-mail him: dallas@citylegalguide.com

Sep 7 Porters Creek Man-way, GSMNP. Chris Fox will be leading a group up the Porters Creek Man-way -- an un-maintained trail that ends at the Appalachian Trail at Dry Sluice Gap. For those who wish to DAYHIKE (in and out on Sat.) this challenging (DIFFICULT & STRENUOUS) hike, it will require a return vehicle at Newfound Gap. For those who wish to BACKPACK (in Fri., out Sun.), this challenging (even more DIFFICULT & STRENUOUS) hike, we will stop at Charlie's Bunion, follow the AT past Ice Water Spring shelter, and then use the Boulevard Trail, pass over Mt LeConte, and utilize the Brushy Mountain/Porters Creek Trails to return to Greenbrier. Due to the difficulty of this hike, the necessity for a car shuttle for day-hikers, and the need to make reservations at GSMNP for the backpackers -- ALL PARTICIPANTS MUST PRE-REGISTER with Chris Fox: 731-586-4744.

Sep 28 Eagle Point Trail, Mousetail Landing State Park, Parsons, TN. We will do the 8-mile backcountry loop. With only a couple ridge climbs and dramatic views of the Tennessee River, this hike is one of West Tennessee members' favorites. There are two options for meeting us. For the carpoolers, we'll meet at 8am CDT at the UT Martin University Center parking lot. Or, you can meet us at 10am at the Mousetail Landing SP Visitor's Center. PLANNING AHEAD:

Oct 12 Shawnee National Forest. Last fall we hiked Jackson Hollow, and last spring we enjoyed a portion of the River-to-River Trail in Ferne Clyffe State Park. Both hikes were among our favorite events of last year. Although our actual destination is yet to be determined (Lusk Creek Wilderness Area, Bell Smith Springs), this area has so much to offer that one cannot fail to have a good time. For information, call Jim Clark at 731 587-2225.

Oct 19-20 (Sat-Sun) Roan Mountain Backpack. Roan Mtn., TN. Chris Fox will lead a group up Roan Mountain from the US-19E side, and end at Carvers Gap. This is a one-way trip and will require a shuttle. Because this backpack starts early Sat. morning, it is advised that you arrive at the Roan Mtn. area on Fri., We will overnight on the area known as Big Hump (no water at the site, but GREAT views). Over the two days we'll cover a total of 14½ miles over terrain rated as strenuous to difficult due to the many hills we will climb and descend. Everyone is responsible for their own gear and transportation to our meeting spot, and ALL PARTICIPANTS MUST PRE-REGISTER with Chris Fox at 731-586-4744.

Nov 16 Return to Shiloh. We got half the compass trail covered last spring before running out of time. Depending on the size and makeup of the group, we will complete the trail we began or start over. Either way, by then we will have had frost, and the woods' undergrowth should be manageable. This is a great way to learn history, learn or brush up on compass skills, and have a great time on a late fall day. For information, call Jim Clark at 731 587-2225.

THE "10* ESSENTIALS"

Before you head out on the trail, check your pack to be sure it contains the following items:

- whistle
- water
- rain gear/extra clothing
- food
- map
- 1st aid kit
- compass
- flashlight
- fire starter
- hat/sunglasses

Other considerations:

- leave someone a copy of your hiking plans
- hiking poles
- common sense

* This list is not to be considered cast in concrete – and should be customized to each outdoor enthusiast's needs.

Annual Meeting Update

If you've not attended before, you can expect a fun-filled weekend of hiking, socializing, entertainment and TTA business. This year, our meeting is taking place in Fall Creek Falls State Park, about 50 miles south of Cookeville.

We're nearing the September 8 deadline for guaranteeing Inn Rooms, Cabins, and Villas, so don't delay or you're only option for housing will be the Group Cabin or Campsite. Use the Registration Form inserted in this newsletter to make your reservation.

Several **FUN** fund-raising activities will occur over the course of the weekend. (Bring your coins, cash and checkbook.)

- Bake Sale – Hikers need calories, there will be yummy baked goods throughout the weekend.
- White Elephant Sale – Better than a flea market. You may find previously loved outdoor gear and household merchandise, like art and books – everything is priced to sell!
- Silent Auction – You'll have part of Friday and most of Saturday to place your silent bidding choices on items just as nice as those in the Live Auction.
- Live Auction – Expect a wide variety of top-quality items; from outdoor gear and clothes, hand made quilts and art, to vacation packages.

*The TTA Board of Directors voted in August to dedicate the fund-raising proceeds to the Cumberland Trail BreakAway programs. Twice per year, college students from all over the nation come to TN to spend 1-3 weeks lovingly building Tennessee's Millennium Legacy Trail and first linear state park - the Cumberland Trail State Park. Annual Meeting Auction

Each year, during TTA's Annual Meeting weekend, we have an Auction (Silent and Live), which allows us the opportunity to raise FUNds (in a F-U-N way) to be used for subsidizing trail projects throughout the state. This year, TTA's Annual Auction will be held on Saturday evening, November 9, during the Annual Meeting at Fall Creek Falls State Park. In order for the auction to be successful, we rely on the help of our members (and chapters) to gather items.

**... please, won't you help ...
 ... gather treasures for ...
 ... TTA's Annual Auction?**

We are requesting the help of each chapter to obtain White Elephant items and 6-8 top-quality items (merchandise, services, and/or handcrafted-crafted goods) for the silent and live auctions. So, check your home for top-quality items (look in your closets, basements and garages); ask local businesses to donate merchandise and/or services (be sure to contact your chapter chairperson for solicitation materials to take with you when soliciting your local businesses); share your talents for woodworking and crafts; or make a cash donation to your local chapter to purchase items for the auction.

Outdoors gear and clothing are always popular, as well as handcrafted items. If you have a favorite photograph from a TTA hike, consider having it enlarged and framed to put in the auction.

When making your donation, or soliciting a local business for items, please note that TTA is a 501c3 non-profit organization and donations received are tax deductible. In addition, a special "THANK YOU" column will appear in our December *Tennessee Trails* newsletter and recognizes each person/business who has helped in making this event successful.

Contact Libby Francis (615-889-5718 / libbylibbys@comcast.net) if you have a special item you'd like to donate, or know of a merchant we can contact for a donation.

Yum Yum ...Calling All Bakers ...

We also need baked goods. Hikers need lots of calories to replace what they've burned on the trails. We welcome cookies, cakes, breads, pies, brownies, candies, etc. Individually wrapped portions are handy for tucking into daypacks.

Deadline is September 8

ADOPT-A-TRAIL NEWS

ADOPT-A-TRAIL OFFICER:

Harold Draper 865-689-7757 h.m.draper@att.net

Have you considered ...
Maintaining a particular trail or section of trail?

Through the cooperation of land managers, who periodically inform us of volunteer opportunities, TTA can put you in touch with several Adopt-A-Trail programs, or offer suggestions on how to approach local land managers in your area.

The Adopt-A-Trail program is quite simple and flexible. Volunteers or chapters select the trail they wish to adopt and at the same time determine the level of trail maintenance they wish to undertake. Their only commitment is to hike, inspect, and report on the trail's conditions and maintenance needs twice per year. Light trail maintenance (clipping, pruning, trash and minor blow-down removal) is encouraged during each inspection. Serious trail problems identified will be reported to the local land management agency for resolution.

To obtain an Adopt-A-Trail or Trail Inspection form,
call Harold Draper: 865-689-7757
